

# INCREASED SEND PARTICIPATION IN SPORTS

## SLE PROFILE:

**Yogesh Mistry** - Sports Co-ordinator - Chiltern Learning Trust. Yogesh is an 'Outstanding' teacher of PE, providing bespoke outreach/consultancy/training to other schools in providing sporting opportunities to all students across the Trust, providing specific sporting opportunities for SEND students across the Trust, organising residential, team building and day trips for all students across the Trust and creating external links with local and national sporting agencies.

## QUOTES:

“ ”

## METHOD: HOW?

Providing sporting opportunities for SEND students  
Giving SEND students a platform for lifelong participation in sports  
Providing SEND sports qualifications  
SEND only Trust fixtures  
SEND specialist coaches/coaching sessions  
Enter SEND sports tournaments across the county  
SEND Trust Sports festival

## BACKGROUND OF SCHOOL:

## AIMS

## PURPOSE

## RATIONALE

## FOCUS FOR SUPPORT:

A distinct lack of SEND sports participation across the Trust schools  
A lack of SEND sports specialism coaching/teaching  
A lack of sporting pathways for SEND pupils across the Trust  
Lack of staff CPD in teaching SEND pupils  
No PE SEND specialist

# WHAT + WHY

The next steps are to provide further pathways for SEND pupils for a lifelong participation in sports.  
To create local club links for our students to go and participate outside of school.  
To create pathways into elite/Paralympic levels.  
To run SEND CPD sessions to all Trust PE departments.  
This year has been a great start to the long term success of embedding SEND sports in all Trust PE departments.  
Each school has contributed significantly to success in the short term to provide sporting opportunities for their SEND pupils.

## NEXT STEPS:

Increased SEND students representing their schools  
Increased SEND students attending extra-curricular clubs  
Increased confidence amongst SEND students  
Increase in social skills amongst SEND students  
Increased love of sport amongst SEND students

## IMPACT / RESULTS:

The project has been a huge success. SEND students now have the same sporting opportunities afforded to them as non-SEND students. Their confidence and social skills have improved immensely. There has been a huge increase in SEND students representing their school in a variety of sports.

## EVALUATION:
